

46th Conference of Czech and Slovak Ethological Society

Bratislava, 7 – 10 November 2019

Faculty of Natural Sciences, Comenius University in Bratislava, Slovakia

Preliminary programme:

Thu 7/11 (evening):

registration open, popular lecture (in Czech), welcome drink reception

Fri 8/11: English section (*all contributions expected to be in English*)

You can look forward to two plenary talks:

Prof. Thomas Bugnyar (Department of Cognitive Biology, Universität Wien):

What constitutes 'social complexity' and 'social intelligence' in birds?

Dr. Pavel Němec (Department of Zoology, Charles University, Prague):

Evolution of neuronal numbers: Moving from brain size to assessment of brain information processing capacity

Sat 9/11:

Czech and Slovak section - you may skip it and enjoy the whole day in Bratislava:

<https://www.visitbratislava.com/top-10-in-bratislava/>

and then join us again for the **social evening**, with best student poster and presentation awards (*event is included in the conference fee*)

Sun 10/11:

Excursion to [ZOO Bratislava](#)

Accommodation is arranged individually by participants:

for the closest option you may book here: [Hotel Družba](#)
