## CALL FOR SYMPOSIUM AND SCIENCE MARKET PROPOSALS

---

Dear colleague,

**Submission of proposals for Symposia and Science Markets was extended to**

**January 17, 2014**

**Symposia** will host most oral contributions. We expect to host about 24 symposia. Each symposium will have a duration of 01h:45m, with 5 speakers. A symposium proposal is submitted by **two Conveners from different countries**. The conveners select two Keynote Speakers (one or both Conveners can be a Keynote Speaker) whereas the remaining three speakers will be selected later among the abstracts submitted for oral presentations.

**Science Markets** will have a duration of 01h:45m, and can have any format (workshop, round table, technical meeting, etc.). We expect to host about 10 Science Markets. Proposal should be submitted by at least **two Conveners from different countries**. Priority will be given to proposals which are likely to be interesting for a large number of participants.

**Plenary lectures** will be given by **Christine J. Nicol** (University of Bristol), **Alexander Roulin** (University of Lausanne), **Tecumseh Fitch** (University of Vienna), **Hynek Burda** (University Duisburg-Essen & Czech University of Life Sciences Prague).

Please go to <http://ecbb2014.agrobiology.eu> to find further conference info and instructions for preparing your proposal and submit your proposal. **Submission of Abstracts of Oral and Poster contributions** will be open in February and closed on March 31, 2014.
