

ISAE 2012

July 31 - August 4, 2012 Vienna, Austria

46th Congress of the International Society for Applied Ethology

December 22, 2011

ISAE 2012 newsletter

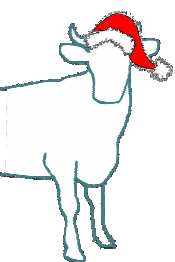

❖ Abstract submission is open now! The organising committee invites submission of abstracts for plenary talks, oral presentations or posters for the 46th Congress of the International Society for Applied Ethology with the General Theme **"Quality of Life in Designed Environments?"** The congress will take place at the University of Veterinary Medicine in Vienna, Austria, between **July 31 and August 4, 2012**, jointly organised by the Institute of Animal Husbandry and Animal Welfare of the Vetmeduni Vienna and the Division of Livestock Sciences of the University of Natural Resources and Life Sciences, BOKU, Vienna.

Main topics:

- Positive Emotions
- Intra- and Interspecies Relationships
- Behavioural Indicators of Welfare
- Mutilations and Welfare
- Behavioural Development: Genes, Epigenetics and Ontogeny
- Free Papers

For more information please visit our homepage www.isae2012.com !

❖ Greece, Italy, banking crises, Euro crisis – the financial situation in 2012 might be even more serious than usual. If there is need for cheap or even free accommodation especially for students, please send us a message containing approximately number and, if already known, their names. We would try to organise either private "bed & breakfast", or book some rooms in the University's student dorm. Since this would be organised kind of in-official and we would need some time to prepare, please contact us directly until end of January 2012, just to check for general interest – deadline for booking will be later, we'll keep you informed! Please forward this information to everyone who might be interested!

Merry Christmas & Happy New Year!

The Local Congress Organising Committee
